Call for Proposals

What are SMART objectives?

Specific – Objectives should clearly state what they want to achieve.

Measurable – You should be able to measure whether you are meeting the objectives or not.

Achievable – Are the objectives you set, achievable and attainable?

Realistic – Can you realistically achieve the objectives with the resources you have?

Time – Will you be able to achieve your objectives within the allotted amount of time?

Examples of SMART Objectives:

By the end of this workshop participants will be able to:

- Name three common STI's contracted by teens.
- Describe two factors that might lead to risk-taking behavior.
- Explain the procedural steps for teaching one STI prevention activity.

A landmark event!

Save the Dates!

An outstanding and
informative conference!
~Rebecca Chalker

Conferences that are memorable and unfold without a hitch don't just happen. The CFLE put in countless hours — and an obvious measure of love — into making the conference work so well. They made it look effortless.
